

## THE WATERFRONT

### A BRITISH BARK ARRIVED. TO LOAD FOR NEW YORK.

### Marine Items Picked Up Along the Docks—The Norms Will Go to French Frigate Shoals.

The Kinau was telephoned 15 miles off at noon.

The steamer Kanai will sail for the Garden Isle tomorrow with a cargo of coal.

The new twenty-five-ton boiler is being placed aboard the Mikahala today.

The U.S.S. Adams was decorated with bunting in honor of the anniversary of "the fall of the Bastille."

The bark Martha Davis needs a few thousand bags more of sugar to trim her. She will probably get away within a day or two.

The waterfront police have their eyes "peeled" for deserters from foreign vessels, and a close watch is being kept especially on the deep water ships.

The usual crowd was down at Inter-Island wharf today at the departure of the W.G. Hall, which sailed shortly after 10 o'clock this morning.

The Hawaiian schooner Norma will sail for French Frigate Shoals tomorrow, on a fishing expedition. A Japanese crew has been shipped, and, excepting a boat which is being repaired, everything is ready. Wooden boxes for ice have been placed in the hold, and Captain Rosehill expects to bring back a good cargo of fish. The schooner will be away about six weeks or more.

In regard to an item in yesterday's paper that three deserters from the Adams had reached San Francisco by stowing away in the schooner Aloha, on her last trip to the Coast, Officer Evans says he told the skipper that he thought the men were aboard. As it is very inconvenient to pull a vessel's cargo apart after she is loaded for sea, no extraordinary efforts were made to get the runaway tars out. It is said the commander of the U.S.S. Sam's gunboat was glad to get rid of the fellows anyway, as they were a troublesome lot.

The British bark Belmont, Ladd master, arrived this morning from Sydney, Australia, 45 days out. She has 800 tons of coal for W.G. Irwin & Co., and after discharging, will load sugar for New York.

The Belmont left Sydney on May 27, experiencing NE to SE winds to New Zealand, which she passed on the north. In 31 S 164 W, a hurricane was met, which lasted 8 hours, the wind blowing with a velocity of 40 to 50 miles an hour. From thence light winds were had. After passing Tahiti on June 28, NNE winds took the vessel to the Equator, which was crossed on July 5. From 147 W, strong NE trades continued to port. The vessel arrived off port last night, and was towed to this morning.

The Belmont is 145 tons burden, and was built on the Clyde in 1891. She is owned in Yarmouth, Nova Scotia, from which place her courteous "bluebonnet" skipper also hails.

## CAPTAIN GOOD'S ARREST.

Continued from 1st Page.

charges against Captain Good. The information furnished by Coyne was of such a character that his duty as an officer required him, in Colonel McLean's opinion, to have divulged it sooner. He made an investigation which fully substantiated Lieutenant Coyne's statements. While it is strictly true that Lieutenant Coyne has made no charges against Captain Good, the charges preferred by Colonel McLean are based directly on information obtained from Lieutenant Coyne, and he will be an important witness.

The court-martial will convene at military headquarters this evening at 7:30 and will be presided over by Lieutenant-Colonel Fisher. Associated with him will be Majors C. Lauke, McLeod and Potter and Dr. Cooper, who ranks as major. W. A. Kinney, with the rank of captain, will be judge advocate. The proceedings will be public, unless the room should be cleared while the court is deliberating. All the questions will be in writing, a copy of which has to be furnished the accused.

Captain Good is confined to his tent under strict guard, but anyone is allowed to see him who has business with him. It was not known this morning who would defend him. It is likely that the proceedings this evening will consist only of reading the charges and specifications and entering a plea. As this will be the first official information Captain Good has of their character, an adjournment will undoubtedly be asked for and granted to give him time to prepare his defense.

#### A REMARKABLE INTERVIEW.

Continued from 1st Page.

flowery compliments. Li had been listening to the echoes of Bismarck's fame for thirty years with rapt admiration. He was "now overwhelmed by the felicity of being in the presence of this almost supernatural greatness." At parting they embraced and again gave the excited multitude the spectacle of a series of profound bows. The German press is much agitated over this meeting, which is reported with minute personal details.

#### Saturday's Performance.

The minstrel show at the Drill shed next Saturday evening will undoubtedly be the finest performance of the kind ever given in Honolulu. Mr. Ramsey will take the place of Thompson, who is away. The quartette will sing a new song in the olio and Mr. Finney will juggle Indian clubs blindfolded. Vierra and Jackson will put on a new Chinese act and a new afterpiece by members of the company will be introduced. The boys are rehearsing very often indeed in order that the public who attend may witness a first class performance. Ramsey's song will probably be the hit of the evening, as it is to a popular air, and Mr. Ramsey will localize the verses in his own peculiar style. Don't miss it if you want to enjoy some solid fun.

#### The Good Qualities

Possessed by Hood's Sarsaparilla are almost beyond mention. Best of all, it purifies the blood, thus strengthening the nerves. It regulates the digestive organs, invigorates the kidneys and liver, tones and builds up the entire system. It cures dyspepsia, scrofula, catarrh and rheumatism. Remember, Hood's Cures.

Hood's Pills actually, yet promptly and effectively on the liver and bowels. 25 c.

In the case of Lee Kok and two other Chinese, whose opium den was raided by Officers Sea and Fernandes some days since, a plea of not guilty was entered this morning and the case set for trial on the 22d.
